THREE DEATHS IN TRAGEDY

The family of George A. Fish, of Noank was wiped out Thursday by a double murder and suicide. The dead are:

George A. Fish, 38.
Mrs. Eliza Fish, 32, his wife.
Francis Fish, 4, their daughter.

Fish, who has been a lifelong resident of Noank, drove in an automobile to the Poquonnoc town hall shortly after 10 o'clock Thursday, and was assistant to the judge of probate, eating her lunch in an upstairs room, with Miss Irene Lavers, assistant to the judge, and when she returned in a violent temper and at once began a harsh verbal attack upon his wife, scolding Miss Lavers from the room.

She was in the hallway when she heard shots fired. She ran for help to the home of Joseph Gray across the street, and when she returned found that Fish had shot his wife in the head and had escaped. Mrs. Fish died after half an hour.

Fish jumped into his automobile, where his four year old daughter, Frances, was sitting, and drove to his home in Noank, taking the child into the garage where he shot her dead and then hung himself.

After Fish had shot his wife and daughter in his machine from the Poquonnoc town hall, the police of that city and New London were notified to be on the lookout for his machine, which registration number was given as Conn. 84,233. While the search for

him was still under way, the news of the end of the triple tragedy came from Noank.

Mr. Fish, who within recent years conducted a grocery store in Noank, was employed in the time keeper's office at the New London ship and Engine Co. He suffered a sunstroke last July and since that time he has been unwell physically and mentally. At times, it is said, he was nearly blind due to his condition.

Mr. Fish and his wife have not lived together for the last six months, the dead man having made his home with his sister, who is a widow and dealer in live with Mrs. Fish's mother, Mrs. Walter Burdick, in Noank. The two homes were across the street from each other.

For years before her marriage Mrs. Fish held responsible positions with both town clerk and the judge of probate, Arthur P. Anderson, knowing the business of the office as well as the judge himself.

She was born in Noank, attended its school and graduated from the business college.

Besides her parents she leaves a baby daughter, a sister, Ada, and two brothers, Eugene and Herbert Burdick, both of Noank.

The dead man was a respected member of the community in Noank, although people have realized of late that he was suffering from some peculiar ailment which found expression in his bearing and actions.

JACOB LANZ RETURNS AFTER YEARS IN EUROPE
Jacob Lanz, who has been abroad for the last thirteen years and a half as manager of European plants of the American Radiator Co. of Chicago, is back in this city with Mrs. Lanz and their daughter, Rena, and is visiting his sisters, the Misses Lanz, of 108 Essex street. For many years he has been going with the American Radiator Co. he was employed here by William H. Page Boiler Co. and resided on Penobscot street so that he was well acquainted with many of his acquaintances since his arrival here last Saturday after an 18-day trip from Genoa to New York and detention for two weeks in quarantine in New York, because the ship on which they returned was found to have cases of typhus fever aboard.

He was sent abroad by the company in the first place as manager to build up and establish their plant at Hull, England, and after four and a half years there was sent to Brescia, Italy, to build up a new plant there. Here he and his family had nine years and were there all through the war. Brescia, Mr. Lanz said Thursday evening, only about thirteen miles, as the crow flies, from the front line trenches in the Lake Garda region, but probably about 45 miles distant by circuitous roads because of the impassable mountains. The city was a point through which troops were shipped to the front and the one regiment of American troops, an Ohio regiment, which was on the Italian front, went through there. He was at the station to see them go through on several trains and the troops were given food and other refreshment by the women of the city.

Brescia had various air raid alarms, but only twice was there any actual bombing and then the damage was insignificant and not nearly so serious as reported in the Paris editions of American newspapers that reached them. Though the Austrians were so near, the people of the city were little disturbed and there was no exodus of the city.

Mr. Lanz spoke in admiration of the wonderful spirit of the Italian people, who he said, seemed to be cheerful and aroused to new endeavor by the reverses the army suffered. There was no scarcity, though perhaps a little shortage in some foods, and the prices remained at a level that all could pay. The agriculture of the country was comparatively unimpaired and the people remained at a level that all could pay.
